

IN ADMIRATION OF MUSIC

# IKON 7 MK2

We proudly introduce the lighthouse model of the series: IKON 7 MK2. Upgraded and taken to the next level for your enjoyment – as well as embodying all the musicality and technologies that made the original IKON range so exceptionally successful.

The visual appearance is updated, yet unmistakably IKON. An exquisite slim-line design of the front baffle reduces diffractions to an absolute minimum and contributes to the exclusive look as well as a unique and extremely realistic, holographic stereo image.

DALI's celebrated hybrid tweeter module combines a low-mass ferrite magnet dome tweeter and 17 x 45 mm ribbon tweeter supplementing the dome at the upper end of its range. In order to optimize the reproduction of the finest details and musical dynamics, the 6.5" bass/mid driver incorporate low-mass paper cones reinforced with wood fibres for additional stiffness. Add to this a potent, triple bass driver handling the bottom end with speed and impact and what you get is a matured and fully developed loudspeaker.

Use IKON 7 MK2 as stereo speakers in larger rooms or as front speakers in a large cinema set up for any kind of music. Floor standing IKON 7 MK2 combines IKON's legendary clarity with outstanding, first class bass potential and, regardless of your musical preferences, brings a true sense of sonic authenticity into your home environment.

## SPECIFICATIONS

Frequency range (+/- 3dB) [Hz]:	40,0 - 30.000,0
Sensitivity (2,83 V/1 m) [dB]:	90,5
Nominal impedance [ohms]:	6
Maximum SPL [dB]:	112,0
Recommended amplifier power [W]:	25,0 - 200,0
Crossover frequencies:	700/2.500/14.000
Hybrid tweeter module, Super high frequency driver:	Ribbon
Hybrid tweeter module, High frequency driver:	Soft textile dome
Low frequency driver:	Wood fibre cone
Enclosure type:	Bass reflex
Bass reflex tuning frequency [Hz]:	42,5
Connection input(s):	Bi-wire
Recommended placement:	Floor
Loudspeaker type:	Front;Rear;Surround
Max loudspeaker dimensions incl. base and grille	1168 X 200 X 364
Loudspeaker weight including base and grille [kg]:	21,5
