**REFRESHING, COLORFUL AND ALWAYS NEW.**

For more than 40 years we have been developing and producing high quality loudspeakers to meet the most diverse of demands. They impress with their sound, design and quality. With currently more than 500 models, we are making the world of sound more colorful every day. Learn more about us or discover the color of your own personal sound! **GERMAN LOUDSPEAKER TRADITION**

**HIFI**  
**HOME CINEMA**  
**PRO HOUSE**  
**FLEXIDELITY**

**Enjoy sophisticated sound**

For more than 40 years we have specialised in loudspeakers that offer excellence in both sound and looks. Alongside the classic stand and compact shelf-mounted loudspeakers we also offer special OnWall installation solutions and high performance subwoofers. More than 500 loudspeakers are available in a wide range of sizes, fittings and designs.

[hifi.canton.de](http://hifi.canton.de)

**Experience every nuance**

Big images need big sound. Our versatile home cinema solutions are perfectly suited to a wide variety of rooms and requirements. As 5.1 Surround systems, innovative 2.1 Virtual Surround solutions or put together from our HiFi range of loudspeakers, you will reap the benefits of our many years of sound experience.

[homecinema.canton.de](http://homecinema.canton.de)

**Design your own sound landscape**

We offer versatile opportunities for the harmonious integration of loudspeakers into any building. These include our discreet wall and ceiling installation solutions, wall-mounted loudspeakers and robust outdoor solutions. They are ideally suited for stereo operation, ambient sound and home cinema applications.

[prohouse.canton.de](http://prohouse.canton.de)

**Master the digital sound age**

New music formats and wireless transmission demand new sound solutions. The Flexidility products combine our wealth of loudspeaker expertise with cutting edge technologies and alternative applications. This results in digital all-rounders and flexible wireless solutions for sound enjoyment in genuine HiFi quality.
